

Parasite (Lyrics)

Something is in control of me
Eyes are open, but no-ones home
Viewing the world, two-dimensionally
Feeling empty, but never alone

There is an enemy, in me
I only see in flashes (oh, oh)
Chemical enemy release (woo)
Striking off like matches (ha, ha, ha, ha)

Overtaking by the inch (woo)
Sizzling up my bloodstream (ha, ha, ha, ha)
A soldier, bolder (enemy) than before
For someone else's army

There's an enemy, There is an enemy
Enemy
Enemy, Enemy
Enemy
Enemy

Through the eyes of the enemy, I see
Fear spreads like a fever
Perpetrators, instigators
Liars and deceivers (ha, ha, ha, ha)
You might also like
From the top of the food chain (woo)
The worst in human behaviour
Blame the blameless time and again
The routine without failure

They're saying: "There's an enemy, There is an enemy"
Enemy
Enemy
Enemy
Enemy
Enemy

In the cold blue light of my darkest dreams
I hear rhetoric like bricks in a perimeter wall
We're no stranger to the enemy that we should fear

If we let them win then we'll have nothing at all
